At Pentrebane Primary School, we believe that fostering the emotional and mental well-being of our pupils is just as important as their academic success. A healthy mind supports a healthy body, and when pupils feel supported, understood, and valued, they are more likely to thrive both in and out of the classroom.

As the leaders of this Mrs. Rees and Miss. Perry are excited to introduce our **Whole School Approach to Emotional and Mental Well-Being**, an initiative aimed at creating a positive, inclusive, and supportive environment for everyone at Pentrebane Primary. This approach will be integrated into everything we do, from classroom activities to extracurricular programs, ensuring that every member of our school community—pupils, teachers, staff, parents/carers and Governors—has the tools and resources to thrive emotionally and mentally.

Please see our school website for regular updates and information.

**Inset day dates: Monday 21st July**

**Would you pay £2 for an afterschool club?**
